Chamber Business Boost Funding Program

Before completing this application form, you should read the program guidelines on our website: <https://www.tweed.nsw.gov.au/development-business/business/chamber-business-boost-fund>

To qualify for the Chamber Business Boost Fund, **applicants must be a registered business chamber located within the Tweed Shire.**

Please note:

Multiple applications can be received per financial year, with funding not to exceed a total of \$15,000 (including GST).

Requests for the full funding amount of \$15,000 will only be considered for events that demonstrate substantial public significance and broad community benefit. Council will not support applications seeking the total funding amount where the event is primarily limited to business attendees or closed-audience functions. Applicants must clearly demonstrate how their event will engage the wider public, contribute to the cultural and economic vibrancy of the Tweed, and deliver outcomes beyond internal business networks.

If you have any questions, please email business@tweed.nsw.gov.au

If you do contact us throughout the application process, please quote the application number.

Project Outcomes

Defined Success Metrics

Please describe the number of businesses engaged, projected event attendance, or measurable improvements in business performance.

Outcomes are the changes you expect to occur for the beneficiaries (direct, indirect and/or intermediaries) of your initiative. Generally, outcomes can be framed as an increase or decrease in one or more of the following:

- Skills, knowledge, confidence, aspiration, motivation (these are generally immediate or short-term outcomes)
- Social, financial, environmental, physical conditions (these are generally long-term outcomes)

What changes do you expect will occur as a result of your initiative (e.g. increased visitation to a precinct, or increase in number of businesses engaged, beautification or placemaking)? Please be brief. One per row.	When do you expect this outcome to emerge?	Add notes if you need to provide more context.

Please list any indirect beneficiaries you anticipate will or may be affected by your initiative.

Indirect beneficiaries

One per row. You may add extra rows if required. Indirect beneficiaries are those who may not be targeted by your initiative but are nonetheless expected to be affected by it. For example, a CBD placemaking event may directly engage local entrepreneurs and small businesses, while also indirectly benefiting nearby residents and visitors through enhanced public spaces, increased foot traffic, and a more vibrant community atmosphere.

Project Outputs

Your metrics

A metric is a measurement designed to indicate whether or not progress towards an outcome is occurring, and quantify the extent to which it is occurring.

You may add your own metrics here.

Metrics work best when they:

- Are quantifiable/numeric
- Are clearly defined and succinct
- Contain all the context needed to gauge and compare the result (e.g. unit [e.g. cm, metres, people, people-days, %, etc]; direction of change [increase; decrease; etc.]; timeframe [e.g. per month; per year; etc])
- Have been tested, and/or are in common use, and/or are commonly understood as a relevant and useful indicator of performance in a particular arena
- Are used sparingly - you are much better off to "ask one good question and answer it reliably" than try to track many things at once
- Relate to a clearly articulated outcome or activity.

Metric	Target	Collection method	Explanatory notes
One per row. Add more rows if you want to list additional metrics.	Identify a target for the metric you have chosen - an estimated total for your project. Must be a number.	How will you collect and verify the data? E.g. survey, interviews/case studies, focus groups, administrative data (e.g. case management data), observation/estimation, government or public dataset (e.g. Census), other datasets.	Add notes if you need to provide more context.

Qualitative evidence

Qualitative evidence is a descriptive rather than numeric form of evidence designed to indicate whether or not progress towards an outcome is occurring.

Examples of qualitative data sources include interviews, testimonials, focus group transcripts/summaries, social media posts, media appearances/mentions, and artistic or multimedia depictions such as photographs, videos and audio/podcasts.

Qualitative evidence

Explanatory notes

Select the type of qualitative evidence you will use to help track your progress. One per row. Add more rows if you want to list additional types of qualitative evidence.	Add notes if you need to provide more context.
